THE STORY OF THE BAND

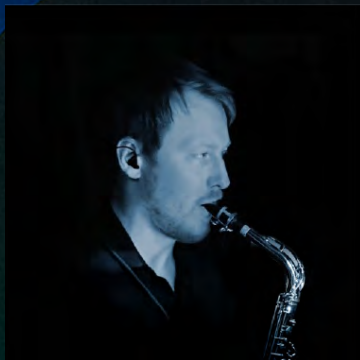

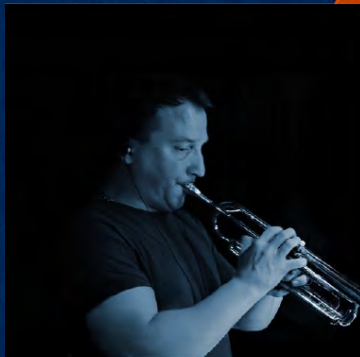

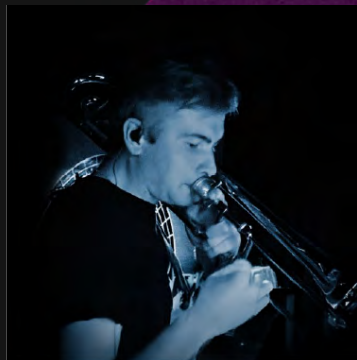

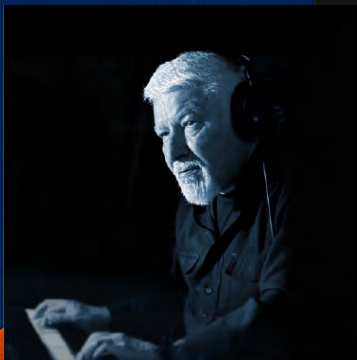

TOTO NONO is a nine-member jazz-rock/fusion formation whose origins go back to 1996. Two drum sets, keyboards, bass and lead guitar all lean on the brass section (sax, trombone, two trumpets) and fuse the jazz rock line into multilayer radical arrangements.

We first hit the stage in Mohelnice-based club Twister, November 1999. In March 2008, the band held the launch party for its first eponymous album in Jazz Tibet Club, Olomouc, followed by accolades in Rock & Pop, Rock Report magazines and applauded by fans.

Yet, soon after, the band went into retreat and took a ten-year-long break.

In 2020, we started to rehearse in a modified line up and in 2023 came back to the stage.
